

# MODULE 4

## Activity #1 Discussion Sheet

### Video Discussion Sheet

What are some of the symptoms of the illness that are described?

How did the illness affect the person?

Did the illness cause the person difficulty in his or her life? In what ways?

What kind of treatment did the person get?

What kinds of things have helped the person recover and stay well?

What questions would you like to ask the person in the video in order to better understand their experience with their illness?
